DISASTER RECOVERY SCENARIOS

TYPICAL DISASTERS:

- Human error
- Operating system or application software bugs
- Hardware failure
- Fire, smoke or water damage
- Power outages
- Employee theft or fraud
- Man-made disasters such as sabotage, hacking or viruses
- Natural disasters such as earthquakes or hurricanes

BUSINESS CONTINUITY SCENARIOS:

ATLANTIS IS FLOODING!

A monsoon rain has filled the river and flooded the city! The governor has issued a disaster declaration.

Your facility is underwater how can we move our operations?

>> Call bigbyte.cc and we'll coordinate to have seats at the ready so you don't miss a beat with your clients. We have relaxation rooms on site to assist your critical staff de-stress.

CONNECTIVITY/POWER IS DOWN!

Industrial roadwork has accidentally sliced through the utilities, including your power and fiber lines.

How can we communicate with our clients or data?

>> bigbyte.cc's team is here for you in your hour of need.
>> Our staff will initiate your BC Plan as soon as you contact us and assist you in shifting your critical staff to your secondary site at our facility.
